

**“Welcome to stay with us at Wallby.
Here, you can eat and sleep well, borrow a boat, cycle or good book.
And, you can take the opportunity, for once, to do absolutely nothing.”**

COUNTRY LIFE AT WALLBY SÄTERI

Stay at Wallby

Welcome to stay with us at Wallby. Here, you can enjoy a good night's sleep in one of the manor's red cottages with white corners.

Wake up to the first rays of the morning sun on your own veranda. All the rooms are personally decorated, and many have facilities to cook if you so wish. And, naturally, dogs are also welcome!

Eating at Wallby

We don't want to call ourselves fine dining. We do not strive to end up in the Michelin Guide. However, our goal is to cook great food with tradition and ingredients from the area. Grandma's recipe, gooseberry and blackcurrant jelly. In autumn the neighbor comes with the chanterelles. In the spring, crispy fresh primroses. Together we follow the seasons in the kitchen, refine our Småland with spices and love and finally serve it on large platters.

Lunch is served outside. We are happy to pack a picnic lunch for you and the dining room is infinitely large. We can recommend our favorite places, or you can find your own. Book your lunch with us at the reception, or through the website.

Paddle or row on lake Skirösjön

Lake Skirösjön is just below Wallby Säteri. The sun rises and the fog sets over the lake - the calm is palpable. Would you like to hire a rowing boat or canoe, we have them, maybe for a fishing trip? We are also happy to provide a packed lunch.

Crayfishing

As summer slowly turns to autumn, you can experience traditional crayfishing in Småland. We fish with scoop nets and pots, lay nets and search them early when the sun rises. Together, we then enjoy the freshly caught crayfish at a traditional Swedish crayfish party with pies, crispbread, beer and schnapps.

Hike & cycle in the garden of Småland

The forest, the hills, the tracks. The nature around Wallby is amazing and endless. Embracing and calm. Perfect for hiking and cycling. The heart of Småland invites you to its most beautiful dance, and if you're staying at Wallby you'll be in the middle of the dance floor. Bring boots, rainwear, trainers or hiking boots. Take your knitted jumper and your favourite person and head off. Over the oak-clad slope, across the footbridges and away. Soon your shoulders drop and you find the perfect stone for your flask of coffee. Finish with a sauna and a dip in the lake, and perhaps a glass of wine in the manor or under the apple trees. And, finally, a tasty three-course Småland dinner.

Christmas dinner at Wallby

Decorated halls, crackling fires, candles and all the smells of Christmas. Boiled coffee, home-baked, homemade and home-spiced schnapps. Then add a sauna and a Småland Christmas dinner that leaves nothing to be desired. The dinner ends with coffee, *avec* and Christmas sweets in the manor before you sleep comfortably in one of our hotel rooms. In the morning, the breakfast buffet is served.
